Tamper-Red

TAMPER-RED
STOCK IMPRINT
(PRINTED IN RED INK)

The "ULTIMATE" Tamper Proof /
Tamper Evident Reinforced Gummed
Carton Sealing Tape

**CUSTOM
PRINTED**
with up to
4-COLOR PRINTING

TAMPER-RED is designed with a red colored bottom sheet to draw attention to tampering. It cannot be removed without detection. The oversized width (3.188"), prevents resealing with standard 3" tape. This "tamper resistant" feature helps protect products and increases profitability.

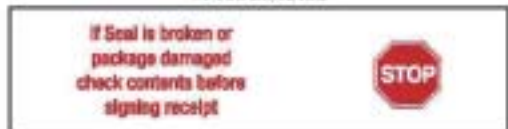

TAMPER-RED provides protection and security against tampering and/or pilferage of your products. Corrugated cartons cannot be resealed without detection because the bottom sheet actually penetrates the carton's surface.

Aside from being the finest tamper proof/evident box sealing tape, **TAMPER-RED** is also designed for strength. Its base is one of the strongest gummed tapes made today, with a fiberglass pattern of (2-2-1-1-2-2) 1/2 centers in the machine direction, and the cross direction on 3/4 centers at 45°.
